A Pathway on the Future of ADR

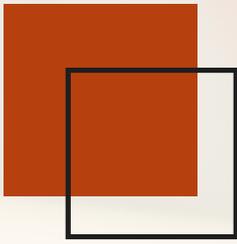

ABOUT THE BOOK

Chaos and conflict are a part and parcel of life as a whole. How we manage or handle such conflicts and chaotic situations is what matters the most. Negotiation is one of the most used techniques for resolving conflicts and disputes. It has been in existence for over a thousand years. Alternative Dispute Resolution (ADR) refers to a variety of streamlined resolution techniques designed to resolve issues in controversy more efficiently when the normal negotiation process fails.

We invite submissions that address Alternative Dispute Resolution (ADR) topics from international and comparative perspectives or topics that deal with the intersection between two different fields of perspectives. The Aftermath of Covid-19 has already had a dramatic impact on the society as a whole and its consequences and impact will be felt for a significant period of time. This book will explore the evolution of ADR, reflecting on ADR as it was before the pandemic, as it is now and what it will become. Furthermore, the second edition of this book, will focus extensively on how such evolution presents a pathway towards the future of ADR and international cooperation within the ADR community.

CALL FOR CHAPTERS

We are issuing a call for chapters to receive high quality research papers from the future stakeholders such as students, researchers, academicians, professionals etc. The research paper will need to address the main issues and point out various different kind of views and arguments. Some suggestions would also be appreciated if put forth by the authors in order to achieve improvement in the present situation. **Every paper should be accompanied by an abstract of 200 to 300 words mentioning the:**

- Title of the Paper.
- Name of the Author and Co-Author.
- E-mail Address.
- Postal Address
- Contact Number of the Author/Co-Author.
- Brief Bio of the Author(s)

It would be appreciated if the abstract would mention the novelty of the idea which the author wishes to put forth.

WORD LIMIT

The word limit for a research paper (inclusive of abstract) is between 3000 words (minimum) to 6000 words (maximum) This word limit is inclusive of footnotes. The word limit must be strictly adhered to by the participants.

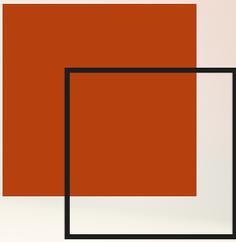

However certain research pieces of academic significance can be allowed to exceed the word limit. Each participant is required to submit an anti-plagiarism declaration along with the paper stating that his/her paper is an original and bona fide piece of research work and that it has not been published or being considered for publication elsewhere.
